TEMPLATE FOR PROGRAMME SPECIFICATION

HIGHER EDUCATION PERFORMANCE REVIEW: PROGRAMME REVIEW

PROGRAMME SPECIFICATION

This Programme Specification provides a concise summary of the main features of the programme and the learning outcomes that a typical student might reasonably be expected to achieve and demonstrate if he/she takes full advantage of the learning opportunities that are provided. It is supported by a specification for each course that contributes to the programme.

1. Teaching Institution	University of Thi-Qar
2. University Department/Centre	Department of Economics
3. Programme Title	Feasibility Studies
4. Title of Final Award	Attended classes
5. Modes of Attendance offered	First semester
6. Accreditation	45
7. Other external influences	
8. Date of production/revision of this specification	2022
9. Course objectives	
Developing students' abilities and developing them in the skills of economic feasibility studies	

Introduce students to the importance of economic feasibility studies and their role in determining the success or failure of projects

10. Learning Outcomes, Teaching, Learning and Assessment Methods

A. Cognitive goals

- A1. Enable the student to become familiar with the process of evaluating economic projects
- A2. Enabling the student to use his abilities to study the economic feasibility and evaluate projects in terms of their success or failure
- A3.
- A4.
- A5.
- A6.

B. Course specific objectives

- . B1. Training students on how to employ their abilities in the process of economic feasibility studies.
- B2. Students discuss economic issues related to the economic feasibility study
- B3.

Teaching and Learning Methods

1. Practical applications
2. Panel discussions.
3. Activities and training in the classroom.
4. Students' participation in the applied mathematical special operations in the economic feasibility study.

Assessment methods

1. Interactive training.
2. Student participation in the hall.
3. Provide activities and duties.

C. Affective and value goals

- c1.** Develop students' abilities to work on assignments and deliver them on time.
- c2.** Quick intuition and the discovery of skilled students in special topics in economic feasibility studies

C3.
C4.

Teaching and Learning Methods

1. Allocating a percentage of the degree for students participating in the lecture and special duties in the subject of economic feasibility studies.
2. Managing the lecture in a way that feels the importance of time.

Assessment methods

1. Active participation in the classroom is evidence of the student's commitment to his responsibility.
2. 2. Commitment to the scheduled dates for lectures and for submitting assignments.
3. 3. The quarterly and final exams are considered evidence of commitment and knowledge acquisition.

Evaluating the performance of students, facivab

D. General and Transferable Skills (other skills relevant to employability and personal development)
D1 - Develop students' abilities in the field of economic feasibility studies.
D 2 - Development of special knowledge in the economy in general.
D3 - Enable the student to evaluate economic projects through economic feasibility studies.
D4.

Teaching and Learning Methods

Assessment Methods

	Course or Module Code	Course or Module Title	Credit Hours
--	-----------------------	------------------------	--------------

			Practical	Theoretical

10. Course Structure					
Week	Hours	ILOs	Unit/Module or Topic Title	Teaching Method	Assessment Method
First week	3		Introducing the concept of project evaluation	General concepts in economic feasibility studies and project evaluation	Marking the lecture participants
Second week	3		Components of an economic feasibility study	Know the components of an economic feasibility study	Marking the lecture participants
Third week	3		Discover investment opportunities	Knowing investment methods	Marking the lecture participants
Fifth week	3		Preliminary study of the project	Preliminary study of the project for the candidate for investment	Marking the lecture participants
Sixth week	3		marketing feasibility	Studying the candidate markets to work in	Marking the lecture participants
Seventh week	3		Financial study of the project	The criteria used in the financial evaluation of projects	Marking the lecture participants
Eighth week	3		Study business profitability	Learn about business profitability	Marking the lecture participants
ninth week	3		Knowledge of methods used to measure business	Standards for measuring business	General questions and discussion

			profitability under conditions of uncertainty	profitability under conditions of uncertainty	
tenth week	3		The criteria used in the financial evaluation of projects	Evaluation criteria under uncertain conditions	General questions and discussion

11. Infrastructure	
1. Books Required reading:	Economic feasibility studies and project evaluation / d. Kazem Jassem Al-Esawy
2. Main references (sources)	Lectures on the economic feasibility study for Professor Dr. Salem Abdul-Hassan, University of Al-Qadisiyah
A- Recommended books and references (scientific journals, reports...).	
B-Electronic references, Internet sites...	

12. The development of the curriculum plan
Access to the latest modern sources and modern translation, relying on the skills of modern books and specialized books, and using means to display and explain vocabulary, educational material, choosing electronic platforms more convenient and easier to deal with.
